

School furniture

Malle classroom furniture

Comfortable, practical, adjustable

Malle classroom furniture is adjustable, with the exception of the teacher's table and chair. Pupil desks come in one-person and two-person varieties and there are also a number of specialized items (such as for art class). Special surfaces (simulated birch melamine, beech melamine) and special shapes (rounded or square corners) and various extras (drawers, front board) can also be ordered. Malle furniture's frame is primarily made of metal piping with various colors available. Student chairs are also adjustable and cleverly designed to make it hard to rock or tip them.

Malle 2-person school desk

- Height adjustable between 640-760 mm
- Surface measures 1200 x 500 mm
- Hook on both sides of table
- Extras: drawers

Malle 1-person school desk

- Height adjustable between 640-760 mm
- Surface measures 700 x 500 mm
- Hook on both sides of table
- Various extras can be ordered: drawers, for example

Malle pupil's chair

- Seat height adjustable, 380-460 mm
- Harder to rock compared to when we were in school

Malle teacher's table, with a few extras

- Comes with a front board
- Surface measures 1300 x 600 mm
- Table height is 760 mm
- Not adjustable
- Extra: drawer

Special purpose – Malle adjustable art class table

- Surface angle adjustable
- Horizontal working surface

Adjustable opening desk for the early grades

- Surface angle adjustable
- Horizontal working surface
- Compartment

Jussi classroom furniture

Extremely durable

A slightly more rugged, non-adjustable line of classroom furniture. Even the bad boys and girls have to really go to some lengths to get the better of a Jussi. Available with a number of extras. Available for different stages of development.

Jussi is a reliable line of school furniture manufactured by Jalax for 8 years. In Estonia, over 100 schools use Jussi.

Jussi school table

- Available extras include drawer, front board, cable duct, keyboard rest, electrical socket
- Surface measures 1200 x 500 mm.

Jussi school chair

- Seat and backrest made of natural-varnished plywood
- Plastic plugs at ends of legs

MG classroom furniture

The MG line of school furniture is non-adjustable, lighter and more creative. MG tables and chairs can be ordered for several different stages of development. Tables can be ordered with floor bolts, such as for chemistry and physics classes. Extras include cable ducts and drawers, and there is a selection of furniture for special purposes, such as work tables.

MG classroom table

Furniture for common areas

Benches

Jalax benches come in various sizes and colors. The benches are built strong and stable. Most benches have wooden slats.

Bench Lammas

Lammas is a sturdy metal frame bench that is designed for cafeterias or lobbies, but is also well suited for kitchens, lounges and waiting areas. Benches are manufactured both with backrests and without. The legs are made of 45 x 1.5 mm round pipe coated with solid-emulsion paint. Legs terminate in plastic plugs. Benches come in a number of different lengths. Various options and colors available when it comes to fabric covers. The seat and backrest can be either stained or natural varnished wood.

Clothes racks

Jalax clothes racks come in one- and two-sided varieties. Racks are available in different widths and the color can be picked from the RAL color palette.

Shoe rack

- accommodates nine pairs
- 950 x 1000 x 300 mm

Lockers

Cubbies

Jalax cubbies are multipurpose and create ambience in various rooms. Cubbies come in different sizes and various configurations of sections and number of doors. Cubbies contain large and small shelves. It is also possible to order cubbies containing hooks (short and long). Plastic clothes closet hooks attached to pipes. Cushioned seals are attached to the interior of the doors to deaden the noise of closing of doors. The cubbies feature Ronis or Abloy locks. Adjustable ends tip the support legs of the cubbies. The cubbies are painted (various colors available).

Lockers

Jalax lockers have either flat or sloping tops. Lockers are spray painted (choose color from RAL palette). This product is elastic, meaning it is stable during temperature shifts. The bottom is perforated and guarantees natural circulation. The ventilation slots are above the door. Riveted body. Locker painted all over, making it much more impervious to corrosion than a welded body locker. Contains hat shelf, clothes hanger rod and two hooks. Rubber buffer on interior ensures quiet closing. Various lock options available—combination locks, coin-operated lock, card lock, padlock, code lock. Master key opens all locker doors. Lockers are available with shorter and longer doors.

Dining hall and cafeteria furniture

Cafeteria furniture sets

School cafeteria furniture sets are manufactured in several different variations. Tables can come with either benches or chairs. The number of places at a table can be chosen as well (four, six, eight). The chairs or benches can be attached to a table during cleaning. The metal frame of chairs, benches and tables is spray-painted, and the color can be selected. The table and bench surface is available in birch melamine, cherry melamine or beech melamine. White or natural varnish finishing is available.

Jaana cafeteria furniture set
